SUMMARY:

As a dedicated and passionate web developer, I am driven to leverage cutting-edge technologies and best practices to create impactful and seamless digital experiences. With a keen eye for detail and a commitment to delivering high-quality code, I am focused on crafting user-friendly websites that elevate brands and drive success.

SKILLS:

Expertise: HTML5 | CSS3 | Bootstrap | Tailwind | Daisy UI
Comfortable: ReactJs | JavaScript | Material UI | React Rotuer
Familiar: Redux | NodeJs | Express | MongoDB | NextJs
Tools: Chrome Dev Tools | Grammarly | Notion | NPM Packeges

PROJECTS:

Borsha's Dream Land (Toy Marketplace) - MERN | TailwindCss | Firebase

Seamless User Authentication: Empowered by Firebase login and authentication mechanisms

Streamlined Product Upload: With a user-friendly interface and intuitive product upload process

Effortless Buying Experience: Through a smooth and intuitive buying process, buyers can explore a diverse range of toys

Live Site: https://toy-marketplace-b8d6d.web.app/
GitHub: https://github.com/AbirDoesFrontend/borsha-s-dream-land

Technology: ReactJs, React Router, JavaScript, TailwindCss, MongoDB, Express, Firebase, NodeJs

SummerAlze (OpenAI Article Summarizer) - ReactJs | OpenAI GPT – 4

Summaralz offers users the ability to extract key insights and condense lengthy articles into concise summaries with remarkable accuracy and efficiency.

Leveraging the power of AI, Summaralz enables users to save valuable time by swiftly summarizing articles of any length

With Summaralz, users can make well-informed decisions by quickly gaining an understanding of the main points, arguments, and key information within an article

 Live Site: https://summaralz.netlify.app/
GitHub: https://github.com/AbirDoesFrontend/ai-summarizer

Technology: ReactJs, RapidAPI, JavaScript, Redux, TailwindCss

EDUCATION:

Vashantek Govt College - HSC - 2020 - 2022

COURSES:

Creative Frontend - CodemanBD - Certificate (https://ibb.co/vqsLX0y)
